Education

Atmiya University, Rajkot

Bachelor of Computer Applications   June 2023 – May 2026

CGPA: 9.68

I have a strong interest in technology and software development. I enjoy learning new skills related to programming, web development, and computer science.

I am always curious to explore how things work and love working on practical projects to improve my knowledge. I'm also open to teamwork and like to learn from others. In my free time, I often watch tech videos, try coding challenges, or explore new tools and technologies.

Skills

Languages: Python, Java, JavaScript, C, HTML/CSS, Dart, Bash, PHP

Databases: MySQL, MongoDB

Web Technologies: React, Node.js, Express.js

Tools & Version Control: VS Code, Android Studio Git, GitHub

Projects

Weather App   Feb 2025 – Feb 2025

Tech Stack: HTML5, Bootstrap 5, CSS, JavaScript, RapidAPI

- A responsive web application, **myWeather-App**, leverages **Bootstrap 5** for its user interface and integrates with a **third-party API (RapidAPI)** to deliver real-time weather information, demonstrating strong front-end development skills.
- JavaScript (for API calls), delivering an intuitive user experience with comprehensive weather details.

Library Management System   March 2025 – March 2025

Tech Stack: HTML, CSS, Bootstrap, PHP, MySQL

- Created a user-friendly Library Management System in a hackathon setting to streamline book search and organization.
- Built with PHP, MySQL, and Bootstrap, it offers a robust solution for managing library resources.
- Featuring user authentication (login/logout), online PDF reading, and an admin panel for book issuance, book availability checks, plus search and category Browse.

Experience

Future Interns   July 2025 – August 2025

Full Stack web developer

- Detail-oriented Full-Stack Web Developer intern candidate with a strong foundation in web development principles.
- Key projects include a personalized portfolio and a fully functional mini e-commerce site.
- Adept at transforming design concepts into interactive web solutions and managing server-side and databases.
- Committed to continuous learning and ready to contribute as a Full-Stack Web Developer.
